Tool Number : 57316-6000

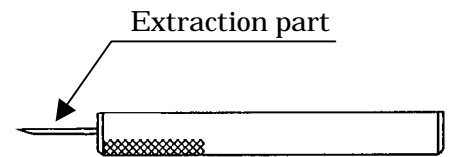

1. Introduction

This document is prepared so that the tool is properly used.

Please take the time to read this manual, making sure you understand the operating procedures described herein before attempting to operate the tool.

2. Specifications

Applicable housing number	51112, 51114
Applicable terminal number	50398, 50419

3. Operation steps

No	Operation steps	Explanation figure
1	Hang the extraction tool between the housing lance and the terminal as shown in a right picture.	
2	Move the extraction tool in the direction of the "A", and the housing lance is depressed. The terminal comes off easily when the wire is pulled in the direction of the "B" because the housing lance comes off from the terminal.	

"Note" Please confirm the lock of the terminal when you install the terminal in the housing again after pulling out.
